business and financial authorities  
that business is making a decided  
improvement. Last year's good  
crops have flooded the West with  
money and the favorable crop out-  
look for 1915 promises still more  
hope and cheer. The United States  
is making money on an enormous  
amount of very profitable war orders.  
And the fact that the war seems un-  
likely to continue for many months  
more due to the embargo that  
was prevalent in cotton and other  
commodities—doubtless a draw.In the first instance Austria will  
be so hopelessly shut off from access

ment as restricted as it is.Indeed, in the case of draw, with

more stringent things have happened

ing, will be more than ever the  
satellite of Germany.Hungary the Kaiser has not, from  
all accounts, less consideration than

might be imagined. The reports have  
not been denied that strong pressure  
was brought to bear upon the feelings  
of young Francis Joseph to give up

## HOW TO RELIEVE

## KIDNEY PAINS

I have used Swamp-Root more often this last few years, and have always got great relief. About three weeks ago I was taken down with severe pain through the back and limbs. It was very severe and was very violent at night. It began after my usual dinner. Root and herb tea and a bath did not help much. I left home relieved and slept well taking it until I began to feel myself again. I have recommended it to my neighbors and friends, and several of them inform me that they have been greatly benefited by using it. I cannot say enough for Swamp-Root, and I heartily recommend it for Kidney trouble and for Rheumatism.

You have my consent to publish this statement. I am 37 years old. Dr. Kildare's Swamp-Root has served me well.

Sought an interview with him to argue  
this sacrifice. Under such circum-  
stances it is not incredible that the  
harassed Austrian Emperor looked to  
the alternative of making a separate  
peace with Russia at a time when  
liberal terms would be granted. To  
cede valuable territory to Italy is a  
positive loss, for no positive return.  
Since the most to be gained is the  
continuance of Italian neutrality. The  
prospects of that Austrian triumph  
are in no wise brightened.

But what Russia and the allies  
could offer to Austria is not easy to  
conceive, however liberal their ideas.  
How to rehabilitate from the outside  
a kingdom and an empire whose de-  
cline has been going on steadily for  
nearly a full century is a problem for  
Europe's diplomats. There are  
the Balkan states to consider. It is  
Russia and Serbia whose interests  
are most conflicting pictures in  
southeastern Europe. And it was  
Russia's friendship with Serbia that  
trained the situation throughout  
Europe last summer. From any point  
of view it is difficult to see the silver  
lining to the clouds that overhang  
Papa Joseph's kingdom.

And not many days after the young  
er son gathered all together, and took  
his journey into a far country, and  
there wasted his substance with riotous  
living.

And when he had spent all, there  
arose a mighty famine, in that land;  
and he began to be in want.

And he went and joined himself  
to a citizen of that country, and so  
sent him into his fields to feed swine.

And he would fain have filled his  
belly with the husks that the swine  
did eat; and no man gave unto him.

And when he came to himself, he  
said, How many hired servants of  
my father have bread enough and  
to spare and I perish with hunger!

I will arise and go to my father,  
and will say unto him, Father I have

signed against heaven, and before

thee I will arise and go to my father,
